

## Professor Kevin Sinclair, Prifysgol Nottingham University

Daw'r Athro Kevin Sinclair o'r Alban a chanddo gefndir amaethyddol. Mae'n meddu ar radd a PhD mewn Gwyddor Amaethyddol o Brifysgol Aberdeen, ac mae'n Ddoethur mewn Gwyddoniaeth o Brifysgol Nottingham. Gweithiodd gyda SAC, Rowett cyn symud i Nottingham yn 2003. Mae ei ddiddordebau ymchwil cyfredol yn ymwneud â maetheg a ffrwythlondeb gwartheg (llaeth ac eidion) a defaid. Mae hyn yn cynnwys diffyg elfennau hybrin.

*From a farming background in Scotland, Professor Kevin Sinclair went on to gain his degree and PhD in Agricultural Science at Aberdeen and DSc from Nottingham. Professor Sinclair has worked at SAC, Rowett before coming to Nottingham in 2003. His current research interests relate to nutrition and fertility in cattle (dairy and beef) and sheep. This extends to trace element deficiencies.*
